GAINESVILLE, FLORIDA, THURSDAY, MAY 4, 1905

TEN CENTS A WEEK

SITUATION CRITICAL IN POLAND RUSSIA

Women and Children Victims Soldiers Weapons.

COMPEL WORKMEN TO STRIKE

Congregation of a Church Was Attacked in the Holy Place for Singing Patriotic Songs by the Troops. 75,000 Strikers at Lodz.

Warsaw, Russian Poland, May 2.—Noon.—The city is apparently outwardly quiet this morning, but the situation is none the less grave. Workmen are going from factory to factory compelling their comrades to strike and the probability of further conflicts arouses the keenest apprehension. The bodies of the thirty-odd persons killed by the troops on Zelasna street yesterday are still lying in the morgues awaiting identification. The ten wounded who were taken to hospitals died of their wounds.

During the encounter on Jerusalem street the troops not only fired a volley but used the butts of their rifles and their bayonets and swords.

Many women and children had their heads and limbs broken. Some of the injuries were of a terrible nature and there were cases where the soldiers entered the court yards of houses and attacked those hiding there.

When the troops fired after the bomb was thrown near the Vienna railroad station four persons were killed and seven were wounded. All the windows in the neighborhood were shattered. Today the scene of last night's bomb explosion is attracting immense crowds.

At Kalisz, during a service in a church yesterday the congregation began singing patriotic songs whereupon soldiers and police entered the building and attacked the people, wounding many of them. A free fight ensued during which weapons were wrested from the police, shots were exchanged and stones were hurled. A dragoon, a woman and a man were killed inside the church. A squadron of cavalry was summoned and dispersed the crowds. The church was closed for reconstruction.

The strikers at Lodz now number 75,000.

General Strike Ordered.

Warsaw, May 2.—4:50 p. m.—The committee of the Social-Democratic party of Poland and Lithuania has issued a manifesto proclaiming a general strike and calling out all the workmen immediately in consequence of yesterday's bloodshed.

St. Petersburg, May 3.—The official bomb explosion at St. Petersburg, account of the bomb explosion here at 6 o'clock yesterday morning drolly attributes it to experiments in chemistry, but it is undoubtedly was one of those accidents now of such frequent occurrence, caused by terrorists loading bombs.

To Bridge Matanzas River.

St. Augustine, Fla., May 3.—Surveyors are at work surveying for the crossing of another bridge on the Matanzas river which will connect this city with Anastasia Island. Albert Lewis, the well known millionaire, who is interested in the development of this city, will build this bridge, which will have a steel draw. Gould T. Butler is the engineer in charge, and the work will be pushed with all possible haste. This bridge will be the second spanning the river mentioned and will, when completed, also be a circuit for travel to and from the island and Moultrie Point, a distance of nearly 15 miles.

Remains Lie In State.

Richmond, Va., May 3.—It has been decided that General Pittsburgh Lee's funeral shall take place at 1 p. m. Thursday, from St. Paul's Episcopal church. Bishop A. M. Randolph will conduct the services. Lieutenant Geo. Mason Lee will arrive here from San Francisco tomorrow night. An immense crowd visited the city hall, where the remains lie in state.

DOINGS OF RUSSIAN ARMY.

General Linevitch Continues to Reorganize His Forces.

Gunshu Pass, Manchuria, May 3.—A touching incident occurred during the Easter celebration here. After the morning service all the troops in the region around headquarters were drawn up in line before General Linevitch's tent and the commander-in-chief came out, greeted the troops and passed down the line saluting each and every soldier with a kiss. All the men were much moved and many of the old, gray leader.

General Linevitch continues energetically the reorganization of the various departments of the armies.

Staff Captain Shubersky who was returned here after making a reconnaissance on the Mongolian frontier reports that thousands of Chinese bandits under Japanese leaders are moving beyond the border.

Japs Bonds Sell at a Premium.

Tokio, May 3.—The tabulations of the subscriptions to the fifth loan of \$50,000,000 have not yet been completed, but there are indications that the entire list has been placed at a premium. It is evident that some of the subscriptions were temporary, with holding their offers in order to obtain part of the loan at the best possible rate. The fifty million dollars subscribed yesterday was largely at a premium and the majority of the subscribers were from the smaller investors and capitalists.

MORMONS DOMINATE POLITICS.

Says Former United States Senator Cannon, of Utah.

New York, May 3.—Former United States Senator Frank J. Cannon, of Utah, has addressed a meeting here under the auspices of the inter-denominational council of women. He repeated his recent declarations to the effect that the Mormons seek to dominate politics in Utah, Idaho and Wyoming and that they have also great power in Colorado. Theo. F. Shrader, of Utah, spoke along similar lines. Resolutions were adopted which provide:

"That a committee of citizens of New York city and neighboring cities be appointed to correspond and co-operate with the loyal Americans of Utah and that it is the unanimous sense of this meeting that in view of the evidence brought out before the senate committee, Senator Reed Smoot shall be expelled from the senate of the United States."

CANADIAN BOUNDARY SURVEY.

Surveyors Will Start This Important Work in a Few Days.

Victoria, B. C., May 3.—The Canadian boundary survey party which is to delineate the boundary as stated in the Alaskan boundary award will leave for the north on Thursday, landing at the head of navigation on Port land canal and working thence northeast and north, following the line.

The surveyors will use triangulation and astronomy to demark the line and will cut a wide trail. A series of monuments will be built. On mountain peaks monuments thirty inches high will be built of aluminum bronze drilled into the solid rock. At river crossings and in valleys large monuments will be built, set in cement foundations. Mr. Sordson and Assistant Hair, of the American survey party, will accompany the Canadian party. Similar parties will begin work in the Chilkat district.

Sponsor For Alabama Veterans.

Montgomery, Ala., May 3.—Commander Thomas M. Owen, of the Alabama division, Sons of Confederate Veterans, has appointed Miss Catherine Jelks, daughter of the governor, sponsor, and Misses Annie Maude Dawson, of Montgomery, and Irene Maud Cleere, of Ensley, niece of Lieutenant Governor Cunningham, maids of honor.

Storm Raged at Camp Roosevelt.

Glenwood Springs, Colo., May 3.—A storm raged all night at Camp Roosevelt and the weather today was threatening. The muddy roads made a hasty impossible and delayed the moving of the camp back to the east divide creek as well as Secretary Leach's departure for this city.

CRISIS OF STRIKE EAGERLY AWAITED

Ultimatum Is Delivered To The Teaming Companies.

COAL SUPPLY IS RUNNING LOW

Unless Something Is Done at Once Big

Department Stores Will Be Without Fuel—Strike Breakers Arriving from Other Places by Train Loads.

Chicago, May 3.—The outcome of a move to bring the teamsters' conflict to a crisis was eagerly awaited today by the employers and unionists.

The Employers' association had delivered an ultimatum to five leading team owners that they make deliveries to the department stores as they had been doing in the past. The answer of the teaming contractors who prepared today to meet and take up the matter, was anxiously looked forward to. The team owners quit making deliveries to stores when the teamsters entered upon the strike.

The team owners were informed that they must deliver freight to the boycotted stores or lose the business permanently. To deliver goods as demanded would cause a spread of the strike to 5,000 more drivers.

The five teaming companies are:

Arthur Dixon Transfer company, Joseph Stockton company, W. P. Bend Transportation company, Christopher M. Lynch and Stephen Clark.

The employers seemed determined to force the fight and an employer said: "The unions have extended the strike and we will simply go one better and extend it ourselves, if necessary."

"There is no use drifting along on the defensive. Among the many detachments of incoming strike breakers who arrived in Chicago today the largest single body perhaps came on a Michigan Central train from Detroit, Mich. They numbered 75 and were escorted by heavy guards of police throughout the streets."

The need for coal rapidly is developing into one of the most important factors of the teamsters' strike. With the exception of Marshall Field & Co. and one or two other big houses the supply of fuel on hand in State street averaged from two to four days. Marshall Field & Co. have coal for two weeks or more.

It is admitted by the coal dealers, who are even more reticent than the department store managers that the crisis in the fuel situation will come today or tomorrow. The situation was emphasized by John C. Fetzer, receiver for the Union Traction company, who said:

"In several of our stations, unless we get coal in 24 hours we will have to close down. Of course, we will try every possible scheme first."

Assistant Chief Suttler reported today that he had 1,150 men on strike duty. This force he claimed to be able to protect 100 wagons in caravans. Where single wagons are sent out a guard of six patrolmen is provided.

The attitude of the packers which has been involved in some doubt, is now declared to be opposed to the extension of the strike of their teamsters.

"Armour & Co. have made no agreement whatever that would imperil the delivery of meat supplies," said Manager Connors, of that company, today.

"Our company is not a party to any agreement concerning deliveries," said Edward Swift, of Swift & Co.

One of the liveliest disturbances of the day occurred within a block of the Auditorium hotel. Shooting was resorted to by negro nonunion men today at Harrison street and Wabash avenue. Three wagons formerly owned by the Edwin F. Daniels Coal company, were being driven south in Wabash avenue at Harrison street, a large crowd gathered about the drivers and guards. Sticks, tiling, broken bottles and other missiles were thrown, many of the missiles striking the negroes. One of the negro guards named Carter whipped out a revolver and shot at Henry Schultz, who, it is alleged, was approaching Carter. The bullet struck Schultz in the left

side. He ran south in Wabash avenue before he fell. The crowd, thoroughly enraged at the action of the negro men quickly closed in upon the nonunionists and beat them thoroughly. A police call was sent in, and 70 policemen under Inspector Patrick J. Lavin, hurried to the scene and dispersed the crowd with vigor.

Schultz was taken to a hospital. Carter was arrested.

The bullet struck one of Schultz's ribs. He will recover.

The shooting caused much excitement at the Auditorium. The women became hysterical and rushed back into the hotel.

For a time all traffic on Wabash avenue cable and the Indiana avenue electric lines was at a standstill.

COLLEGE OF BISHOPS MEET.

Bishops of Methodist Episcopal Church South in Session.

Nashville, Tenn., May 3.—The college of Bishops of the Methodist Episcopal church, South, is in annual session in this city, with the following bishops present:

Rev. A. W. Wilson, of Baltimore, chairman; Rev. W. W. Duncan, of Spartanburg, S. C.; Rev. C. B. Galloway, of Jackson, Miss.; Rev. E. R. Hendricks, of Kansas City; Rev. J. S. Krick, of Sherman, Tex.; Rev. W. A. Candler, of Atlanta, secretary of the college; Rev. H. C. Morrison, of New Orleans, and Rev. E. E. Hoss, of Dallas, Tex. Bishop Coke Smith, of Norfolk, Va., is in the city but is sick at the home of Dr. W. F. Tillett, of Vanderbilt university.

The meeting is devoted to a review of the work done during the past year, reports being made showing that the work of the church had been successfully carried on during the twelve months past.

HEARING IN CHADWICK CASE.

The Court Has Named Bond But She Has Not Made It.

Cincinnati, May 3.—The motion of District Attorney Sullivan, of Cleveland, asking that the United States circuit court of appeals advance the hearing of the case of Mrs. Cassie L. Chadwick was set for hearing before the court today. In his motion Mr. Sullivan argued that unless the case is heard before the fall term of court justice will suffer. Through her counsel, Judge Wing, Mrs. Chadwick some time ago obtained from the United States court of appeals a delay of sentence as a result of which will not be considered as having commenced to serve her term of ten years in the Ohio penitentiary until after the error decision shall have been handed down. The court gives permission for her to give bail, but she has not yet taken advantage of that permission.

YACHT MAYFLOWER MISSING.

No Word from Pleasure Party Which Left Port Few Weeks Ago.

New York, May 3.—With eight or ten persons aboard, the yacht Mayflower is said to be missing. It is said the yacht is that which once successfully defended the America's cup in 1886, and recently had been fitted with an auxiliary engine.

Mrs. E. M. Barker, who purchased the Mayflower only a few weeks ago, invited a party of three to accompany her Sunday to try the boat. There were four men in the crew. When the yacht was taken by the excursionists is not known, but no word has been received from them nor has the boat put in any nearby anchorage so far as can be learned. No provisions were carried for the voyage, and it was intended, according to relations of those on board, to take only a short sail about the harbor.

Gas Gushers in Alabama.

Huntsville, Ala., May 2.—Five gas gushers and drilling for the sixth well, near Hazel Green, Ala., by the New York-Alabama Oil company, is setting the business world afire with enthusiasm. Hon. R. E. Pettus and other prominent business leaders and organizers say that the gas fields of Madison county will soon make Huntsville one of the largest southern cities. Franchises have been secured to pipe the gas to Huntsville, where it will be used for steam, heating and lighting purposes. General S. L. Whitten is general manager of the company.

CLOSING ARGUMENTS IN PATTERSON CASE

Famous Trial Coming To An End In New York.

WOMEN REFUSED ADMITTANCE

Prosecutor Rand Makes the Concluding Speech for the State—For the Third Time Her Fate in the Balance.

New York, May 2.—Moved by the scene of yesterday when it became necessary for a court officer to request several women to leave the court room, Recorder Goff today directed that only those having a direct interest in the case be permitted to be present during the closing hours of the trial of Nan Patterson.

To carry out the recorder's order the force of officers on duty in the criminal court building was greatly increased. Prospective spectators began to gather around the building early in the day. Among them were many women some of them who had followed the trial from the time the first witness was put on the stand. Today, however, they were not permitted even to approach the outer court to the court room. Only those able to prove their right to enter or who had friends among the court officials or attorneys, entered the court room. Every seat was taken, however, when the proceedings began.

As soon as the prisoner had been brought in Recorder Goff ordered that the doors of the court room be locked and that no one be permitted to enter or leave before the recess for lunch.

In beginning his closing argument for the state assistant District Attorney Rand said:

"This trial has been a hard experience for you, but I venture to say it is one that you will not look back to with regret. I would be ungrateful, too, if I had not also made my acknowledgment to the learned court, and it would be ungenerous of me roundly as I was abused yesterday to your faces if I took offense at what the counsel on the other side, in exigencies of a lost and rotten cause, was compelled to say. He accused me of every crime on the calendar and put me on trial at this bar for high crimes committed as a public officer. He told you that I thirsted for blood, and had hounded Mrs. Smith, you observed my examination of Mrs. Smith. Did I ask her an impolite question? Did I not treat her throughout as a lady? I would not make myself an issue here if I had not been injected as an issue in the case by the defendant's counsel. It is not an issue at all. I might be all that Levy said in the chair of a lost cause and it would not affect this question. I want and must have your confidence. If I could sway the judgment of men and paint the fair face of truth with a sweet cosmetic, you would not listen to a word from me. If I could do these things there would be but one place for me, and that would be at this woman's side, a fit object of contempt."

Continuing, Mr. Rand said:

"Since when has Levy the right to tell me to be a gentleman? He swore to me to bring the blush to Mrs. Young's face to answer his questions. Have I tried to drag this defendant through the mire and covering her with stench asked you to convict? Have I not treated her with the utmost consideration? But Levy well knows that he had to win out one juror to his side, while I must convince you all."

Bug Destroying Boll Weevil.

Waco, Tex., May 2.—Chief Howard of the entomologist bureau, department of agriculture, at Washington, has been notified of the discovery in Falls county, Texas, of a peculiar bug which is destroying the boll weevil. The insect was found on the plantation of J. T. Davis, of Waco. It is expected that Mr. Howard will send an expert here to classify the bug and arrange for its propagation if it is found as destructive to the weevil as reported.
